

Shanklin to Wroxall

alternative route

Keen cyclists or those with a penchant for hills may want to end their ride with a final serious series of climbs and descents – give your bike a thorough check first.

Leaving Shanklin Old Village, you'll need to negotiate steep gradients en route to Luccombe and Bonchurch with some great panoramic views on the way. Then join a very challenging hill coming up from Ventnor, continuing to a fast descent into Wroxall.

Congratulations, you've done it.
